By Paul Radin

Tomorrow our nation celebrates another birthday!

Independence day is officially called.

My dictionary says independence means: "Freedom from support or governance by others; a competency; self-reliance."

Sometimes I wonder if those thoughtful chaps back there in 1776 ever had an idea that we of this century wouldn't fully appreciate the things for which they fought and died.

Independence Day 1942—finds our country at war. A war the like of which the world has never known. A war which will change the map of the world and the way of life of its peoples.

War being waged today is not to last conquest but to set right a chaotic condition that has been brewing since the peace papers were signed at Versailles. The members of those peace papers seem as far as the thoughtful chaps of 1776 there is a possibility that our country would be at peace with its neighbors today.

It may be looking ahead too far to think of another peace treaty, but here's one country boy who believes that another peace treaty might be signed—this time to speak a space of time great enough that those who would sign the peace treaty might have time to figure out a new world order. Enough time that whatever sort of peace is signed—this time another world eruption a few years later.

World economists, power politicians, representatives of kingdoms, democracies and totalitarian states will sit beside each other and another peace is signed. As the peace treaty is signed, the millions of people must be wisely considered when that day comes. And what a great relief it would be to some of us little fellows if we were assured that the men who are to sit around that peace table are going to be imbued with the charity, justice, fortitude and foresight that prevailed among that handful of patriots in 1776.

But, the day of peace seems con away on any other birthday anniversary of the growing, and they of them all. Only time will bring an end to the world struggle. Many months, perhaps years—billions in equipment and munitions lives—that is the price that must be paid for the blunders made at a peace table less than a quarter of a century ago.

So, as we approach another Independence day let us hope for the best and trust that we are the possessors of too many months, can fully come the definition of independence—freedom from support or governance of others; a competency; self-reliance. And in realizing ourselves may we also hope that millions of other people will be assured of the same independence.

Jerry and Spider Are Lieutenants

Word has just been received that Jerome (Jerry) Gold and Earl (Spider) Lindroos have passed their examinations for the training at Ft. Benning, Ga., and have been commissioned as Second Lieutenants.

The boys worked hard for their commissions and it is reported that they were awarded by being graduated with highest honors.

Thirty eight members of their class had to appear before the board of examiners for special examination.

Miss Margaret Anderson, N. Y. who has given to Brooklyn, N. Y. and there is to go on to Bridgeport, Conn. and spend the rest of the summer vacation with her sister, Miss Katherine. She is having a grand time visiting many interesting places in New York.

PAHOKEE STORES TO CLOSE THE 4TH

The stores in Pahokee will be closed all day Saturday in order that citizens may help celebrate the Nation's birthday on the Fourth of July. The drug stores will remain open as usual. The bank will be closed and all folks with business transactions are urged to attend to it on Friday.

Youth Group In Meet Monday

The International Youth Fellowship group of the Pahokee Methodist church met in the recreation room of the club on Monday night for a pot-luck supper and business session. Officers were chosen for the first six months of the new year. They are: Phyllis Belk, president; Frank Rozelle, Jr., vice president; Ann Humphries, secretary; Milton Carpenter, treasurer; William Weathers, program chairman; J. Padgett, member chairman; assistants, Oselma Jones and Donald Padgett. Lester Hutton was named recreation chairman. Members of the group pledged their collection on the first Sunday of each month to go to the youth fund for world service. Rev. and Mrs. T. A. Ferguson and Mrs. C. E. Ramsey met with the group. Miss Dorthea Carpenter was a visitor.

Certificate Is Necessary To Get Gas Ration Card

JACKSONVILLE, July 2.—Florida possessing automobiles that are not registered in their own names were advised by Office of Price Administration officials to get their motor vehicle registration certificates for 1942 "straightened out" with their local tag office before permanent gasoline rationing starts in July.

Walter C. Sherman, State OPA director, said that during the temporary gasoline rationing, he may find many citizens found they had to go to their local tag agency to clarify their car registration receipts.

As a result, waiting lines were formed in some counties and tag agencies, not prepared to handle such crowds, were overloaded.

Sherman said that even with all precautions taken during the temporary registration, he felt "there were some persons who secured gasoline cards in names different to that shown on their 1942 motor vehicle registration receipts."

Those whose registration receipts were in such names were urged to contact their local tag office immediately. Sherman declared that this was done before the gasoline ration books can be issued.

State Patrol Drops To 130

TALLAHASSEE, July 2.—Director J. J. Gilliam of the state highway patrol said Tuesday that he hopes to keep his officers' strength at 130 men despite heavy losses to military forces.

The patrol already has lost 33 of its 160 patrolmen, and Gilliam said he expects to lose about 10 more. Those who have resigned to enter naval and military service and to take jobs guarding defense plants have not been replaced.

Expenses of the patrol are paid in part by revenue from drivers' licenses and motor vehicle taxes. The state rationing are uncertain for the future.

Typing Class To Open July 8

An enrollment for a new class in shorthand and typing will be held at the Pahokee High School building, Wednesday, July 8, at 8:00 o'clock, according to J. R. Leonard, Superintendent of Schools. Approximately 18 people can be accommodated. The course runs for 16 weeks with thirty-two-hour classes to be held twice weekly. The tuition fee is \$7.00 to be paid prior to enrollment.

Fort Myers canal could be used for continuous barge traffic with out using a pipe line.

Later, Senator Pepper questioned Admiral Hight's sympathy regarding his trip through the South Florida canal. Hight said from his opinion that it is feasible to use this waterway.

OFFICIAL U. S. TREASURY WAR BOND QUOTAS FOR JULY

The above map of Florida shows the War Bond quotas, by counties, for the month of July, 1942. Total War Bond quota for the state is \$9,842,000. With the National quota total placed at a billion dollars, the nation goes into high gear in its support of the War financing and to give our fighting forces adequate implements of war which will bring ultimate Victory. American Soldiers, Sailors, Marines and Airmen are on every front. They are giving 100 percent for their country. What are we doing here on the home front? Are we lending at least ten percent of income to help them? It's very little. But to fight this war we need a billion dollars in War Bonds every month from us—the People. Let's Go, America.

May Ration Medical Service

Rationing of medical service and confining house calls to a basis of necessity rather than convenience, is seen in a statement issued by Dr. J. R. Sory, president of the Palm Beach County Medical Society.

The demands of the armed services are causing this week in the mountains of North Carolina. For weeks Mr. Bolton was worried about a few days vacation from his drug store in Pahokee. Gasoline rationing and a shortage of tires almost kept the Boltons from taking their annual vacation in Hendersonville. Not to be outdone completely, Mr. Bolton locked his car in the garage and left right and early Monday morning on the bus. While they are away they will visit Mrs. Bolton's relatives in Asheville, S. C. The store, this summer as in years gone by, is under the management of Pat Knight of West Palm Beach.

Complete First Aid Training

The following have successfully completed the Advanced First Aid course at the Canal Point School under the direction of Miss Irene French: Mrs. Edna Barrett, Mrs. Ida Brooker, Mrs. Alberta Cobb, Mrs. Clotis Hand, Miss Esther Kilpatrick, Mrs. Alice Kingsley, Mrs. Ann Mott, Mrs. Helen White and Miss Marie Stokes.

LEWIS BYRDE'S

Lieut. G. W. Byrde spent the past week end in Pahokee with his parents. He came from Fort Bragg, N. C., where he has been stationed and left Monday for Fort Sill, Okla.

THEY QUALIFY

The following qualified with the Pahokee-Canal Point Rationing board for tires, tubes, or re-tread services during the week ending June 30th: O. B. McClure, Vernon Canfield, W. C. Fabb, P. Paul deMoysa and J. H. Jones.

BOLTONS ON VACATION

Mr. and Mrs. John Bolton of Pahokee are leaving this week in the mountains of North Carolina. For weeks Mr. Bolton was worried about a few days vacation from his drug store in Pahokee. Gasoline rationing and a shortage of tires almost kept the Boltons from taking their annual vacation in Hendersonville. Not to be outdone completely, Mr. Bolton locked his car in the garage and left right and early Monday morning on the bus. While they are away they will visit Mrs. Bolton's relatives in Asheville, S. C. The store, this summer as in years gone by, is under the management of Pat Knight of West Palm Beach.

INVESTIGATE GAS SALES

ATLANTA, July 2.—A. Walton Clark, chief regional OPA enforcement officer in Pahokee, said additional suspension hearings for alleged sales of gasoline in violation of rationing regulations will be ordered in southeastern rural states soon.

He declared no orders cutting off supplies of gasoline had yet been issued against filling stations in the region but three hearings already had been conducted by OPA attorneys in Florida.

He said the Florida hearings involved stations at Tallahassee, Jacksonville and West Palm Beach. Evidence has been submitted to OPA Administrator Leon Henderson for a decision whether suspension orders will be issued. He said, reporting the cases involved investigations by OPA inspectors.

VISITS RELATIVES

R. T. Smith of Cleveland, Tenn., spent the week end with Mr. and Mrs. W. B. Cross. He left Monday for Porto Rico.

Be Careful Where Your Car's Parked

JACKSONVILLE, July 2.—Florida motorists who burn up tires and gasoline by useless spinning and jaunts to remote night spots will find themselves removed from rationing lists, the office of price administration warned today.

To check up on excessive speeding, overloading of trucks and illegals in motor vehicles, the OPA will locate a sample force of inspectors throughout the state immediately. State Director Walter C. Sherman said.

License numbers reported by these inspectors will be listed and turned over to local rationing boards with instructions to deny future gasoline or tire supplies.

Sherman said that owners of vehicles found parked out of town at night spots would not be issued supplementary gasoline and tire ration cards after the rationing board has been notified.

He did not refer to places within the environs of a city but to night spots "where a motorist must drive out five or six miles and burn up gasoline and tires just to find entertainment."

"There is no harm in a motorist speeding to a place for relaxation and refreshment on his way home from work as it does not waste needless gasoline and rubber," he declared.

Remote night spots, however, "certainly do not constitute a war activity," and vehicles found at these places will be removed from the eligible lists for future tires and gasoline rationing.

Vehicles to be affected include private automobiles, buses, taxicabs and cars for hire, the director stated.

Sherman said that despite the urgent request of President Roosevelt that motorists hold down their speed to a 40-mile-an-hour maximum, he had personally within the past few days noted many instances of excessive speeds on the highways.

ENTER CONTEST

Arrangements have been made to send representatives to West Palm Beach to be entered in the beauty contest sponsored by the Palm Beach Jubilee Week committee.

The festival opened June 28th and will continue through the big parade and beauty parade Saturday July 4th, at which time a queen will be selected.

Mr. E. J. Smith, winner of the Hollywood Festival contest, will be crowned queen on the 4th of July.

TO ALL OBSERVERS

There will be a meeting Sunday afternoon at 3 o'clock at the Canal Point Rationing Board at which time all aircraft observers in the Pahokee and Canal Point area should be in attendance. All observers should receive additional instructions and those who have not been photographed and fingerprinted will be taken care of at this time. It is urgent that all observers be present.

P. de MOYSA, Sub-District Director, Aircraft Warning Service, United States Army.

28,360 Dwelling Units In County

Palm Beach county had a total of 28,360 dwelling units at the time of the 1940 Census, according to a Florida State Planning Board analysis of recently released U. S. Bureau of the Census figures.

Owners occupied 8,945 of the dwelling, of the balance, 14,935 were tenanted occupied, 3,140 were vacant but for rent or sale and 340 were vacant but not for rent or sale.

There were 25,880 occupied dwelling units, 4,860 had an average occupancy of 1.5 or more persons per room. Major repairs were needed by 3,700 of the units and 10,450 had no private bath.

Urban and rural non-farm families of the county paid an average rent of \$21.75 per month, contrasted to a state average of \$23.50 per month.

The county had 2,169 rural farm dwelling units of which 434 needed major repairs; 1,798 had no indoor toilet; and 1,410 had no electric lights.

Radin Takes Over As New President Of Pahokee Rotary

Names Committee To Carry On Club's Work During New Year

Paul Radin, publisher of The Broward News, presided for the first time yesterday as president of the Pahokee Rotary club. In a few brief remarks to the members the new president asked for the wholehearted co-operation of all club members during the coming year.

Pointing out that the major portion of the program during the next 12 months would have to be "home made," President Radin asked the members of the newly appointed program committee to do every effort to make convincing programs interesting and educational.

At the special meeting, all members of the club were present. Speakers have appeared on Pahokee Rotary programs, but, on account of time and gasoline shortage, the program committee will be available in the future.

One request of the new president was that every member of the club learn all the words of the national anthem—the Star Spangled Banner. Heretofore, the club has been operating by singing the first verse of America. Yesterday a slight change was made in club procedure and the entire anthem was sung. It was pointed out that the club year is the year of the national anthem. Different verses will be used throughout the club year until all members are thoroughly familiar with all verses.

In his remarks to the members, Radin said that a great deal of time and effort had been spent in selecting committees for the new year. Each member of the club has a special job to do. All members of the club have been assigned to some committee in the club.

The committees for the coming year are: Public Information, John Dulaney, Otto Bloch, Paul Jordan and W. F. Jernigan; Service, Otto Bloch, Earl Smith, Elmer Jones, Frank Shaughnessy; Community service, John Dulaney, Dennis Caudill, O. B. McClure, W. C. Fabb, Jernigan; International service, W. F. Jernigan, Joe Kahn, Jack Rude, L. I. Stuckey; and 29 of other races. Of the 5,319 foreign born residents of the state, 2,873 were naturalized citizens.

Density of population was 40.4 persons per square mile, compared with at state average of 35.0 per square mile. There were 57,157 urban, 16,673 rural non farm and 9,140 rural farm persons in the county.

The largest five-year age group was that between 25 and 29 years. In 1940, the 10-14 year group was largest. The county had 24,885 residents over 21 years of age and 14,020 the under 21.

Of the residents over 25 years of age, the males completed an average of 8.1 years of school and the females 8.0 years. The average was 8.1 years for males and 8.0 years for females. The county had 1,525 males and 1,145 females who were graduates of high school or college. Of the children in the 7-13 year age group 92.4 per cent attending school. In 1940, 92.4 per cent of the 7-13 year group were attending. The state average was 93.4 percent for the 7-13 year group and 86.2 percent for the 14-17 group.

79,989 People In Palm Beach County

Palm Beach County's population of 79,989 in 1940 was composed of 40,000 males and 39,989 females, according to a Florida State Planning Board analysis of data released by the U. S. Bureau of the Census, and delayed until quite recently due to wartime activities of the Bureau.

By race, the population included 47,155 native-born whites, 4,225 foreign born whites, 28,380 Negroes and 29 of other races. Of the 5,319 foreign born residents of the state, 2,873 were naturalized citizens.

Density of population was 40.4 persons per square mile, compared with at state average of 35.0 per square mile. There were 57,157 urban, 16,673 rural non farm and 9,140 rural farm persons in the county.

The largest five-year age group was that between 25 and 29 years. In 1940, the 10-14 year group was largest. The county had 24,885 residents over 21 years of age and 14,020 the under 21.

Of the residents over 25 years of age, the males completed an average of 8.1 years of school and the females 8.0 years. The average was 8.1 years for males and 8.0 years for females. The county had 1,525 males and 1,145 females who were graduates of high school or college. Of the children in the 7-13 year age group 92.4 per cent attending school. In 1940, 92.4 per cent of the 7-13 year group were attending. The state average was 93.4 percent for the 7-13 year group and 86.2 percent for the 14-17 group.

To Participate In Parade

Frank Shaughnessy, commander of the citizens defense corps of the Pahokee Canal Point, Defense Corps, urged every qualified member of the action division to participate in the parade in West Palm Beach Saturday morning. Units expected to take part in the parade are: air raid wardens, auxiliary police, auxiliary firemen, messengers, fire watchers, rescue squads, decontamination squad. It will be necessary that all participants be in West Palm Beach by nine o'clock Saturday morning. Mr. Shaughnessy said.

Be Alive On The Fifth

TAMPA, July 2.—(FNS)—Celebrate the Fourth of July but live on the Fifth, cautioned Frank, director of the Florida Safety Council. "Let's stop useless wars and bustle on the 4th of July, from drawing traffic and firework."

"In 1941, six persons lost their lives on the 4th of July. Let's not have an accident on this 4th in Florida. Make it a safe and sane day."

S. W. BOLLINGER DIES IN PITTSBURGH HOSPITAL

S. W. Bollinger, 77, died Monday in a Pittsburgh hospital after a long illness. Mr. Bollinger made his first trip to the Lake in 1900 and was a big landowner in the area. He was an experienced engineer and gave a great deal of time to the building of the Canal Point sugar mill and to the development of the Lake Okechobee region.

EATING ON THE FARM

A newspaper man recently hired out as a farm hand, to find out what really happened on a farm. He found out. Milking sounded easy and looked easy, but without practice it wasn't. He plowed, and liked it. He sowed wood and fed to tell the tale. He pitched hay. He fed stock. He cut potatoes for planting and found that a farmer has to be a mechanic as well as everything else. He persisted for two or three weeks and liked it fine. But when asked what part he liked best, he said "eating."

Everybody "eats on the farm," so to speak, but some people do their eating a long way off, and the flavor is different. It seems that the nearer one gets to the source of milk, butter, bacon, eggs, cottage cheese, pickled peaches, apple and fried chicken, the better it tastes. Many boys will learn what farm life is like for the first time this summer. They will find some of the going tough, no doubt, especially the first week or two. But cheer up, boys, and stick it out. Don't forget that after working comes eating.—Palm Beach Post.

LET'S USE OUR OWN WATERWAY

Very few people know that Kissimmee is located at the head of an inland waterway 180 miles long, from the city docks to Lake Okechobee, where it connects with the cross state inland waterway, between Fort Myers on the Gulf of Mexico and the Indian River and the East Coast inland waterway, which extends from Miami to Maine.

Right now the cross state waterway is being used to barge oil and sugar to the East Coast and this movement has developed discussion as to using every waterway

available through the interior to relieve the situation along the coast, where so many oil tankers have been torpedoed and sunk by submarines.

Sixty years ago or thereabouts, Henry Diston, the famous saw manufacturer, started a two million acre sugar development right here in Osceola county and dug canals connecting the lakes and the Kissimmee river, with Lake Okechobee and sugar and haul in supplies. Dick Makinson says his father shipped a lot of cattle in boats right from Kissimmee to Cuba. Prator Gilbert tells interesting stories of the steamer line operated by his uncle and many others recall this outlet for transportation.

Mr. Makinson says he can take his boat "Venture" through now without any trouble and if the waterway was used it would deepen itself in the shallow places so that barges could be used through it drawing out people who would be affected by this new shipping lane be contacted and urged to use their influence with our congressmen and senators in Washington, with a view to securing this inland waterway and eventually extend it to Sanford, thus providing another outlet to the North. The whole matter should be given intensive study this year.—Kissimmee Gazette.

LITTLE BY LITTLE

The slow denuding of one-time essentials from the automobile reminds us of the story of the man who cut off the tail of his dog a little at a time, on the theory that it wouldn't hurt so much.

In 1940 they did away with running boards. In 1941 they dispensed with gear shifts. In 1942 the edict is "no tires" and "no headlights for night driving."

But look at the extras we get! Federal four or five feet of water and it would be a simple matter to deepen the entire channel to six feet.

Again we are sleeping on our rights. Mr. Makinson suggests that a group of prominent automobile use stamps, and a gas ration card! Subtraction and addition? Well, it's all a part of the war. And we still have our cars, what's left of them.—St. Augustine Record.

portunity to "throw off the mask." After two weeks the world will recognize that the war he originated against the French nation is of universal character.

He will be recognized by these tokens: He will massacre the priests, the monks, the women, the children and the aged. He will show no mercy, but will pass torch in hand, like the barbarians of old. His words will be those of a Christian but his actions will be those of the Roman persecutors. He will have an eagle on his arms and there will be an eagle also on the arm of his confederate another monarch.

In order to conquer Antichrist, it will be necessary to kill more men than Rome has ever contained. It will take the combined efforts of all his antagonists, because France, England and Russia will not be able to make an end of Germany without the aid of the prayers of all the human race. His armies will include millions. There will be Christians among his cohorts, and there will be Mohammedans and heathens among his antagonists. There will not be in the whole world a single spot that is not red, Heaven and earth.

water and air, will be red, for blood will flow in the four elements at once.

Germany will find itself forced to relinquish its hold upon France in order to fight Russia, whereupon France will pursue the Antichrist into his own land.

The battles fought up to that time will be as nothing compared to those which will take place in the country of the Third Reich, for the seven-angels will simultaneously pour out the fire of their censures upon the impious land.

The beast will lose his authority and die in solitude and madness. His empire will be divided into states.

The foregoing prophecy is remarkable in that it so clearly pictures the present conflict and actually refers to the "Third Reich" although written over 200 years ago.

In the year 1559 the following prophecy was given by the Curé d'Arx, Father Viannet in France:

"There will be a great war. France will stand and drive her enemy back. A second war will follow after a certain lapse of time. The enemy will return and destroy as they come. Effective resistance will not be made. They will be allowed to advance and after that their supplies will be cut off and they will suffer great loss. They will retreat toward their own country. They will be followed and few will reach their goal. Then all that they have taken will be restored and much more in addition."

Long before the term "Fascism" was ever heard, a German poet, Jew by birth, gave the following picture in the year 1842:

"When revolution begins to sweep the earth, we shall see the emergence of the most appalling of all antagonists who ever stood forth to do battle against the existing order. This antagonist has not yet made its appearance, but will emerge under the term 'Fascism' and will be the most redoubtable adversary who has ever marched against the existing order."

In the last chapter of the Book of Daniel, written twenty-two centuries ago, will be found a startling word picture of the rise of Adolph Hitler to power.

Because I found these prophecies of considerable interest, I pass them along to the readers of this column. Space does not permit the publishing of a number of others, but if you are interested and so advise me, I will give others in a later column.

AT THE THEATRES

Faye Emerson in "Lady Gangster" showing Wed. Thurs., July 8-9 at the Prince theatre and Friday, July 10 at the Everglades theatre.

Visits in Marianna
Mrs. Luke Fraser and daughter, Young Lee, and Mrs. J. V. Thomas and son and daughter, Jackie and Nancy Lee, are spending this week in Marianna with relatives.

Marjorie Lord in "About Face" showing Wed. Thurs., July 8-9, at the Prince theatre and Friday, July 10 at the Everglades theatre.

Brunette Actress, Masters the Lips

Jean Porter never heard of DeMastrea. At least her behavior in the newest Hal Roach service comedy "About Face," would lead one to believe that. The script described Jean as a jitterbug and further qualified the character as a lipping jitterbug.

Jean could handle the rug-cutting part of the assignment with ease, but the lip was another thing again. Admit that's where DeMastrea's comes in. Running counter to the tale of how the old Greek orator overcame the impediment in his speech, Miss Porter filled her mouth with marbles, looked into a mirror and acquired an impediment. After some practice, she abandoned the marbles and remained the proud possessor of a perfect lip.

GO TO CHURCH SUNDAY

ROTARY VISITORS

Visitors at the Pahokee Rotary club yesterday were: Belle Glade Rotarians Roscoe Bradstock, W. J. Buck, R. W. Kidder, Roy Blair, Mattie Taylor, Ralph Grimes was a guest of John Dulany.

S. E. GAMMAGE VISITS

S. E. Gammage, a member of Uncle Sam's Navy, left yesterday after spending a few days in Pahokee with his wife. S. E. reports that he likes the service time and is getting along exceedingly well.

TO MOTORISTS

All motorists, who register for gas cards next week, must have their 1942 car registration certificate in order to get a card. It was announced this week by officials who will be in charge of the registration.

INFANT HOBSON DIES

Infant Hobson, son of Mr. and Mrs. Frank O. Hobson of Pahokee, died in a West Palm Beach hospital Wednesday afternoon, shortly after birth. Funeral arrangements are being handled by the Ferguson Funeral home of West Palm Beach.

ANNUAL MEETING TO BE HELD ON SUNDAY

The annual meeting of the First Baptist of Canal Point will be held on Sunday, July 5. Elder Willie Hardin will have charge of the meeting that day. All friends of the church are urged to be in attendance.

COLD PILLS. SAVE YOURSELF

Bette Davis and George Brent in "In This Our Life," showing Monday, July 5-6 at the Everglades theatre and Tuesday, July 7 at the Prince theatre.

FOUR STARS HEAD CAST OF "IN THIS OUR LIFE"

Olivia de Havilland's most recent characterization is that of Bette Davis' sister, in the filmization of the Ellen Glasgow best seller, "In This Our Life." This is the picture in which both female stars share honors with George Brent and Dennis Morgan. Others in the cast include Charles Coburn, Frank Craven, Billie Burke, Mary Serova and Hattie McDaniel. John Huston, who did such a masterful job with "The Maltese Falcon," directed the film and Howard Koch wrote the drama. The picture is being shown to be the South but it could be anywhere, so universal is the story.

Faye Emerson in "Lady Gangster" showing Wed. Thurs., July 8-9 at the Prince theatre and Friday, July 10 at the Everglades theatre.

VISITS IN MARIANNA

Mrs. Luke Fraser and daughter, Young Lee, and Mrs. J. V. Thomas and son and daughter, Jackie and Nancy Lee, are spending this week in Marianna with relatives.

COLD PILLS. SAVE YOURSELF

NO NEED to get upset, Miss, but it's a fact—that when your present car gives out you'll have to walk.

So here's a tip: You can help postpone that day by letting a Sinclair Dealer prolong the life of your car. To do this job, Sinclair Dealers have developed a special Sinclair-ize service that makes cars last longer.

Just as American railroads, airlines and the U. S. Army use Sinclair lubricants to save wear on vital transportation equipment, so can Sinclair Dealers use specialized Sinclair-lubricants to save wear on your car.

Ask a nearby Sinclair Dealer about this special service today. You'll find that Sinclair-ize service can save you money and worry, too.

WHERE SINCLAIR-IZE SERVICE SAVES WEAR

TIRE	BATTERY	GEARS	MOTOR	FRONT WHEELS
RADIATOR	CHASSIS	FAN BELT	SPARK PLUGS	OIL AND AIR FILTER

SAVE WEAR WITH

NOTICE TO OUR SAVINGS DEPOSITORS

In view of the fact that under present conditions we find it very difficult to safely invest funds we have deemed it necessary to reduce the interest rate hereafter paid in our Savings Department, effective July 3, 1942, the rate of interest paid on savings accounts will be 1-1/2 percent compounded semi-annually.

BANK of PAHOKEE

Now Is The Time To Fix Your Yard

PERTINENT POINTERS For Cooking Appliances

Many trouble calls and repair bills will be avoided if you make sure that:

1. Fuses and fuse clips are tight; as loose fuse contact or loose fuse clips cause heating of the fuses and may cause fire.
2. Unnecessary strains on cords and lead wires are avoided.
3. Plugs are always firmly and fully inserted in their receptacles.
4. Switches are wiped free of grease and are properly lubricated.
5. Rough handling and twisting of thermostats is avoided.

For safety's sake, make certain your electrical appliances are properly grounded! Any competent electrician can check this for you. A wire from the frame of the appliance to a water pipe is a safe ground.

BETZNER'S "THE HARDWARE STORE"

Why not plan now to trim your lawn and clear those ditches you've been thinking of doing for months?

Summertime brings weeds and rains. Time is heavy on your hands, so come to BETZNER'S HARDWARE STORE and get the necessary tools to do a bang-up job.

Cut your grass, get rid of summer weeds and your home will be more cheerful and you will be more happy after working your worries away.
